

ITALIAN BASES BLASTED BY ALLIED AIR AND NAVAL FORCES

Smashing Attack Made On Rail And Ferry Facilities

Officially Announced That Approximately Fifty Aircraft Participated in Raid and Every One Returned Safely

SOFTENING UP OF PANTELLERIA CONTINUES

Allied Headquarters in North Africa, June 7.—(AP)—Hitting from two directions, U. S. airmen smashed rail and ferry facilities on both sides of Messina Strait at the toe of the Italian boot, and pounded Pantelleria again, yesterday, following up Saturday's smashing attack on the Italian fleet at La Spezia.

At least eight of a formation of more than 30 fighter planes which attempted to intercept American heavy bombers of the Middle East command which raided San Giovanni, Reggio Calabria and Messina, were shot down and others were damaged, a Cairo communique said.

It was officially announced that "approximately 50 of our aircraft took part in the attacks" from Middle East bases and every one returned safely.

Hits were scored on railway sidings, oil installations and other terminal facilities, the communique declared.

RAF fighters also shot down two Cant Z-100's, three-engined heavy bombers, in the eastern Mediterranean yesterday, it was announced.

Allied planes were lost.

(The Italian communique, broadcast by the Rome radio and recorded by the Associated Press, asserted without offering any further detail that an Allied submarine was sunk by the Royal Italian Navy in the Mediterranean.)

(Another Rome radio broadcast said 50 were killed and seven injured in the vicinity of Reggio Calabria.)

Through Saturday night, after the largest formation of flying fortresses ever sent out from North Africa bases smashed at the Italian fleet at La Spezia, bombers of the northwest African air forces hit again at Pantelleria, and on Sunday the attack was continued by medium and fighter-bombers.

The Allied command said eight enemy aircraft were destroyed in aerial duels during the attacks.

A giant Junkers-52 air transport also was shot down off Sardinia by a Beaufighter, it was announced. The Allied forces lost one plane.

The aerial softening of tiny Pantelleria continued after daylight plane attacks Saturday, which, in turn, had followed a dawn bombardment by the British navy—the fifth in seven days its guns had thundered against enemy batteries on the volcanic Italian outpost.

The Italian batteries answered, but no damage was done the Allied fleet.

Along with the concerted air and navy surface craft attacks paying the way for the day when Allied ground troops may be ferried across the 90 miles of the Sicilian Strait, came official accounts of submarine action that battered Axis shipping in the area.

It was announced at headquarters here that a total of 633 abandoned or wrecked Axis aircraft have been found in northwest Tunisia since the campaign ended. Of an additional 75 recently discovered, most were fighter planes and nearly two-thirds were German types.

The admiral disclosed his return from Hawaii yesterday in a speech at Berkeley, Calif., remarking that he "had a job to do."

It concerned a conference which he said he hoped would "carry trouble to the Japanese."

The admiral's statement coincided with new outbursts of action in both the South and North Pacific.

In the Solomons American dive and torpedo bombers sank a Japanese destroyer, set fire to a cargo ship and a Corvette and shot down 15 Zeros in air battle off Bougainville island, the navy announced yesterday. Four American planes were lost.

CONGRESSMEN IN EAST FORMING BLOC

Washington, June 7.—(P)—Members of congress from northeastern seaboard states, including Pennsylvania, New Jersey and Delaware, were summoned to a meeting today to press for relief from the acute gasoline shortage.

Rep. Hartley (R-N.J.) who suggested establishment of an "eastern seaboard bloc" to demand a solution of the problem, declared the eastern states are getting a "kick in the pants" from federal agencies responsible for gasoline administration.

Pleasure Seekers Barred From Buses In Philadelphia

Philadelphia, June 7.—(P)—Filling crowds of pleasure seekers, many of them bound for swimming pools and resorts, discovered yesterday that the east coast gasoline shortage not only has resulted in barring their use of automobiles but prevented their use of public transportation facilities.

For the first time in its history, the Philadelphia Transportation company refused to permit passengers obviously bound for pleasure spots to use one bus line, and company spokesman said the re-

U. S. FORCE IN ENGLAND AUGMENTED

Arrival of Another Large Contingent With Equipment Speeds Invasion Speculation

GIANT RAIDS PLANNED

London, June 7.—(P)—The eighth U. S. army air force was expanded today by the arrival of another large contingent of airmen and equipment, and already-feverish invasion speculation was heightened by Prime Minister Churchill's continuing round of conferences believed to bear directly on the Washington war strategy meeting and his visit to North Africa.

For military reasons the strength of the U. S. air unit just arrived at a British port was kept secret, but it is known that bombers and their crews have streamed across the Atlantic as the weather improved and that ground personnel, bombs and other equipment have been arriving regularly by boat.

The lull in the aerial onslaught to soften Europe for land invasion continued its ninth day. The last heavy raids were May 29, when U. S. fliers hammered Rennes, St. Nazaire and the RAF smashed at Wuppertal.

Bad weather over the continent was given as the reason for the lay-off, although there was some speculation the heavy bombers had shifted to the Mediterranean area for concentrated action on that potential invasion front. The daily mail said the RAF had a new bombing policy—giant raids aimed at obliterating a large industrial center in a single night.

The RAF struck at channel shipping and French coastal districts Sunday and Nazi fighter-bombers smashed at the RAF's base in England. (Turn to Page Seven)

NO DETAILS OF DEATH OF MAJOR ROOSEVELT

Washington, June 7.—(P)—Maj. Kermit Roosevelt, 53, son of the late President Theodore Roosevelt, died in Alaska Friday while serving with the army forces and probably will be buried there until the war ends.

In announcing Major Roosevelt's death, the war department gave no details and in the absence of any word to the contrary it was presumed here that death was due to natural causes.

The major, who in civilian life was a banker, engineer and author, had been on duty in Alaska for several months.

He entered the service when the Japanese attacked Pearl Harbor, having previously served with the British army in Norway and Egypt.

German Plane Losses 2,821 In Five Weeks

Moscow, June 7.—(P)—Citizens of Moscow looked forward to another significant week of aerial warfare today as they went to work reading of the Red air force's reported achievements in knocking down 752 German planes to Russian losses of 212 from May 30 through June 5.

The week's air battles brought German losses to 2,821 during the last five weeks, Russian dispatches said.

(The Soviet midday communique, recorded in London from a Moscow broadcast, said Russian bombers were active again last night, hammering at airbases behind the Nazi lines in the Lischansk area of the Donets river front.)

(A Berlin broadcast quoting DNB said German bombers also were active last night, again heavily raiding Gorki, important Russian armament center on the Middle Volga East of Moscow.)

Russian communiques continued to ignore German radio reports of violent fighting on the central front between Smolensk and Velikie Luki. The Berlin radio in a Sunday broadcast had termed the fighting there the "battle of Velizh," and said that Nazi lines had been "moved forward to a more favorable position" after six days of bitter fighting.

LIMITED DERAILLED

Philadelphia, June 7.—(P)—Defective journal boxes were blamed by the Pennsylvania Railroad today for derailing of two cars of the "Congressional Limited" here last evening. A railroad spokesman said no one was injured and the train continued to New York after the two cars were cut out. Passengers in the cars were transferred to other trains.

Carrier Pigeon Walks To Get Message Through

Fort George G. Meade, Md., June 7.—(P)—Clarence, the carrier pigeon, had the sympathy today of a number of recruits at this army post.

Clarence, like all good carriers, got his message through, but it entailed a 10-mile hike from Odenton, Md., where he had been released with a number of his comrades.

The comrades got back safely in short order, but Clarence wasn't found until he walked, footsore and weary, into camp the following afternoon with his wing feathers so coated with oil that he was unable to fly.

84 Lives Lost In Collision Off East Coast

Navy Probes Crash of Tanker and Freighter Few Days Ago

SURVIVORS LANDED

Norfolk, Va., June 6.—(P)—Eighty-four men lost their lives in a collision between a ship and a plane off the United States east coast.

The navy announced the collision yesterday and said an investigation is being made.

So tremendous were the explosions that debris was showered on the decks of a coast guard ship a quarter of a mile away.

The blast killed 66 of the 69 men aboard the freighter, tore the ship to pieces and sent her to the bottom almost immediately after the collision. Eighteen of the tanker's 82 seamen perished in the seething flames which burned the lifeboats before they could be launched and forced those still alive to leap overboard.

The victims included 35 members of navy gun crews, of whom 25 were aboard the freighter and 10 aboard the tanker.

The two ships, survivors said, were proceeding in opposite directions when the freighter veered suddenly and rammed her bow into the tanker's port side aft of the forecastle head.

Survivors were landed at Norfolk by coast guard and naval rescue ships.

The entire merchant crew of 41 and 25 of the 28-man gun crew aboard the freighter were lost.

The navy said crew lists were not available.

PLANE MISSING SINCE MAY 31 IS LOCATED

Kansas City, June 7.—(P)—Friends of Col. Phillip R. Love, prominent St. Louis airman and a personal friend of Col. Charles A. Lindbergh, believe him dead in the crash of a twin-engine transport plane 18 miles west of Austin, Nev.

A CAP pilot discovered the wreckage Saturday.

Eleven persons aboard the transport, missing since May 31, were killed. Lt. Col. Willis Proctor, commandant of Mitchell Field, Milwaukee, the plane's base, reported last night.

Heavy Attacks In Aleutians

Washington, June 7.—(P)—Heavy bombing raids on the Japanese at Kiska in the Aleutians were reported by the navy today in a communique which told also of the bombing of Munda on New Georgia Island and enemy positions on Choiseul Island in the Solomons.

At Choiseul bombs silenced enemy gun emplacements, but at Kiska and Munda results of the attacks were not observed.

The navy had given additional indications of America's mounting air might in the Pacific over the weekend.

NEW CRISIS INDICATED IN CONTROVERSY

Union Chief and Aides Are Closeted Briefly With Representatives of Operators

DISSENSION IN SOUTH

Washington, June 7.—(P)—The bulk of John L. Lewis' half-million coal miners trudged back to their pits today under a fourth truce agreement even as indications appeared of a new crisis in the prolonged dispute reports of dissension among the southern operators.

Hours after the men returned to work—with a few exceptions—the UMW chieftain and his aides closeted themselves briefly with operator representatives to discuss the next step in their interrupted negotiations.

A few minutes after the group retired behind closed doors, Lewis emerged to report that the miners had recessed to permit an operators' caucus. He said the negotiators had received no word from the War Labor Board, which last week ordered the contract talks halted until actual production had been resumed, and added he had no other comment.

The WLB also was silent, but a board official who declined use of his name said he doubted that the board would issue formal instructions for a resumption of negotiations. As he put it "the miners and operators would be smart just to go ahead" without waiting for a WLB nod.

Later in the morning formal negotiations were resumed by a sub-committee composed of Charles O'Neill and former Senator Edward Burke, representing the northern and southern operators, respectively, and Lewis and Percy Telfow of the UMW.

The bargaining talks lasted only briefly, however, and the operators again caucused among themselves, adjourning shortly after noon to meet again with the full UMW negotiating group at 2:45 p. m. There was no comment.

Interest in the wage dispute shifted from the miners, whose "no contract, no work" stand last week set war production plants back more than 10,000,000 tons of coal, to the operators, who were reported divided on the question of whether to seek a new contract at the conference table or ask for adjournment of all issues by the War Labor Board.

Only scattered breaks in the back-to-work front were indicated by an early-morning survey. A UMW local at Houston, Pa., representing 800 men voted yesterday not to resume work until a contract is signed, and three large Ohio mines employing 2,730 of that state's 21,000 miners likewise were idle. A local dispute kept 1,000 employees of a Pennsylvania anthracite colliery away from work.

The miners returned to work at the direction of President Roosevelt, but union leaders, in accord with the shooting likely occurred about 4 a. m.

There was no sign of a struggle and no note was left.

Pal Is Killed By Grandson Of President

Philadelphia, June 7.—(P)—Ten-year-old William Bonner Roosevelt, son of Col. Elliott Roosevelt and grandson of the president, tripped over a .22 caliber rifle in his home last evening and as the gun fell it discharged, killing Lewis Hutchinson, 11, his best friend.

Coroner W. J. Rushong, of Montgomery county, reported that young Hutchinson, son of a prominent Ardmore, Pa., broker, was pronounced dead at Bryn Mawr hospital when taken there shortly after the accident by Billy's mother, Mrs. Elizabeth Donner Winsor. An autopsy disclosed the bullet penetrated the boy's lung and liver, causing hemorrhages.

An inquest will be held later, the coroner announced. State Policeman James Hagan said Billy was released in custody of his mother.

The accident occurred, the coroner said, about 5:30 p. m. at "Mist Valley," the 169 acre suburban home of Mrs. Winsor on the West Chester Pike. Billy and Lewis had been playing with bows and arrows, and were running into the house to get more arrows when young Roosevelt tripped over the gun. The day before the two boys, under supervision of a caretaker, had been shooting with it.

Young Couple Found Shot At Port Allegany

Murder and Suicide is Verdict of Coroner in Double Tragedy

NO SIGN OF STRUGGLE

Port Allegany, June 7.—(P)—"Murder and suicide" were the words Coroner Thomas R. Clark used today in reporting the gun deaths of a girl and a boy found in an automobile near the community park swimming pool.

The girl was Joan Herger, 22, member of a socially prominent Port Allegany family. She had been shot three times in the chest, once in the neck.

Slumped over the steering wheel by her side was Vern Thoren, 21, of Two Mile, killed by the last bullet from a .38-caliber pistol still clamped in his hand.

The bodies were found yesterday by two youngsters who had gone to see if the pool had been filled with water. Coroner Clark said the shooting likely occurred about 4 a. m.

There was no sign of a struggle and no note was left.

Miss Herger was an expert horsewoman and had won several Hunt Club prizes in Pittsburgh and elsewhere in western Pennsylvania. She was a graduate of Port Allegany high school and attended Marymount and William Smith Girls' School at Tarrytown and Geneva, N. Y.

First Presbyterian Church Is Filled To Overflowing For Baccalaureate Exercises

An excellent address based on the topic "The Fool" was given to Warren High School seniors last night by Rev. Bertil Edquist, pastor of St. Paul's Lutheran church, as he delivered the annual Baccalaureate sermon in First Presbyterian church.

The church was literally filled to overflowing, with every place in the Sunday school room and balcony taken and chairs placed in the front foyer. Seniors in their gray caps and gowns and faculty members occupied the center section of the auditorium.

Arranged by the Warren County Ministerial Association, the service was in charge of its president, Rev. J. C. Wygant, First Evangelical pastor. Other participating were Rev. Wayne Furman, First Methodist, who gave the invocation;

CONGRESS IS DISSOLVED BY GEN. RAWSON

Pedro Ramirez Is Charged With Organizing a New Regime at Buenos Aires

CEREMONY POSTPONED

Buenos Aires, June 7.—(P)—Gen. Arturo Rawson resigned as head of Argentina's new government today and charged Gen. Pedro Ramirez with organizing a new regime after the two revolutionary leaders had failed to agree on the constitution of a cabinet.

Gen. Domingo Martinez resigned as foreign minister in a continuation of the reshuffling of the provisional government cabinet.

Rawson, who ousted President Ramon S. Castillo in a coup d'etat, last Friday, was to have been sworn in as president at noon today.

(Private reports reaching Montevideo said that Minister of Finance Jose Maria Rosa and Minister of Public Education Horacio Calderon also resigned.)

In a brief communique, he announced that "the impossibility of reaching an agreement on the constitution of a new cabinet" had compelled him to resign "as leader of the revolutionary forces and chief of the provisional government."

At the same time Ramirez, minister of war under Castillo and slated to hold the same post under Rawson, issued a statement advising the people and the armed forces that he had assumed the powers abandoned by Rawson.

He also announced postponement of today's scheduled swearing-in ceremonies for which a national holiday had been decreed. There was no indication as to when the Ramirez administration might be sworn in.

The rapid change in Argentina's confusing political situation followed by only a few hours the issuance of a decree by Rawson dissolving congress, which was to have convened tomorrow. The decree said that "at the proper time, measures will be taken for the constitution of a new congress."

There were no further details on the disagreement between the two leaders of the revolution.

Approval Of Anti-Strike Bill Foreseen

Washington, June 7.—(P)—Final congressional approval before June 20 of anti-strike legislation designed to prevent another coal mine walkout on that date was predicted today by Senator Connally (D-Tex.).

With conferees scheduled to meet either late in the day or tomorrow to consider senate and house differences, the tall Texan said he would press for action to get the Connally-Harness bill on President Roosevelt's desk before the latest deadline laid down by the United Mine Workers when they agreed to resume work today and reopen their wage negotiations with the operators.

The revised measure approved by the house Friday would provide for punishment of persons who incited or aided strikes halting production in war plants or mines operated under government direction, a provision directly affecting the coal wage dispute.

In addition, it would give the War Labor Board statutory authority to settle disputes in war industries, clothe it with subpoena power and bar strikes until 30 days' notice had been given and a secret vote taken.

Another illustration was the story of Belshazzar, king of Babylon in the days of its world power and another who "played the fool." In contrast he told the story of Dr. Paul Harrison, Nebraska-born medical missionary to Syria and discoverer of a successful technique of spinal anesthesia, who answered the call to service in the name of the Master and found there the joy and contentment that "made it fun."

Summing up, Saul had every advantage and lost it all by being careless about putting God first and being faithful to Him; Paul Harrison, a poor boy, kept his faith in God bright through obedience and, although called a fool by men for trying the impossible and forgetting himself in a desire

George Seavy Announces As Commissioner

George E. Seavy today announced his candidacy for the nomination as county commissioner subject to the approval of the voters at the September primary. Mr. Seavy undoubtedly will meet with little opposition and the voters generally will approve his candidacy as he is thoroughly competent, honest and courteous.

A Warren county boy, he has made his home since childhood in Clarendon, and during the past several years he has served the county in various offices and has made a splendid record in all of his positions of trust. His announcement appears on another page of the Times-Mirror today.

A short program followed and a social committee consisting of Jonas Erickson, Clarence Jury and William Tremaine served refreshments.

Fight Insect Enemies Before They Can Spread

Cover the Plants With a Cloud of Dust Which Leaves a Light Coating Over All Leaves, on Both Sides.

Victory gardens are sure to be invaded by insect enemies, and to protect your crops you must be prepared to fight for them.

Just as weeds are kept down by destroying them while small, insects are held in check by attacking them when they first appear, before they can begin their amazing rapid increase.

You can fight them with very primitive weapons, but it is much easier when you have modern mechanisms, such as a duster, or a sprayer.

For small gardens, the most economical equipment, and most easily handled ammunition, are used in the dusting method of attack.

Plants are protected from insects by poisons of two classes, known as stomach poisons, which are dusted or sprayed on the leaves, and contact poisons, which eat them; and contact poisons, which destroy insects which they touch, and are used on those pests which do not eat leaves, but drink plant juices and so cannot be reached by poisoning leaves.

The same poisons are used in both dusts and sprays. For stomach poisons, our chief reliance during the war must be various forms of arsenic. Rottenone, which is less dangerous, since it is toxic to insects without being fatal to animals, can still be bought for Victory gardens in quantities of one pound or less, but after stocks have been depleted, arsenic may develop. So for general protection against leaf eating insects, arsenic must probably be relied upon, and danger in its use avoided by careful washing of the crops, before they are eaten.

Contact poisons available to Victory gardeners are rotenone, nicotine sulphate and pyrethrum, which will be used chiefly against aphids or plant lice, and leaf hoppers, which on the whole give more trouble in vegetable gardens than leaf eaters.

Nicotine sulphate, which is usually sold as a syrup, may be easily prepared for dusting by the following method: Fill a quart jar two-thirds full of hydrated lime, and put in a few pebbles. Drop a little at a time, two tablespoonsful of 40 percent nicotine sulphate on the lime. Cover the jar and shake thoroughly. The nicotine will combine with the lime without making it lumpy and the resulting dust will dispose of any aphid it touches.

In dusting or spraying, the object should be to create a cloud of dust or vapor which will envelop the plant, and cover both upper and under sides of the leaves. Leaves need not be damp for dusting, and the dust should be used no more heavily than a coat of face powder. Do not apply spray in a stream, but in a cloud of vapor.

Some form of duster or sprayer should be available to every Victory gardener and since both classes of equipment are scarce, no time should be lost in making sure that when needed, one will be available. Groups of neighbors, or community plot holders, can use the same equipment. In adjoining community plots it will pay well to have dusting or spraying done to all gardens at the same time, as pests will travel from one to the other, and if one plot owner is neglectful, the diligence of his neighbors will be of small effect.

Donors Are Sought For Next Blood Bank June 21 and 22

Scheduling of donors for the next visit of the Blood Bank, June 21-22, will begin soon. All persons contacted are asked to make careful note of the time of their appointment and to report to the City Building at the hour requested.

At the time of the June visit the committee was put to considerable inconvenience when over 40 persons failed to keep their appointments. To make matters worse the majority of these never even called to cancel appointments. While the committee has a list of "extra" volunteers upon whom they can call on short notice they

must have at least 5 hours notice on the part of anyone wishing to cancel. This is made necessary by reason of donors not being able to eat any fatty substance before making donations. Unless a person knows at least four hours in advance that they will be called upon to donate their plasma may be cloudy and therefore useless.

Since it costs the Mobile Unit as much to take 150 pints of blood as it would to take 170 or so pints, which is what is normally taken over a two-day period, it is hoped that those signing up for the June visit will be especially careful to keep their appointments promptly on the 21st and 22nd.

In connection with the June visit of the Blood Bank the committee singled out employees of the Warren Axe and Tool Company as a good example of employee response. Around 40 persons have enrolled as Blood Donors from this plant and many of these will be making their second donation this month.

With Junior Commandos seeking names of new volunteers for the Blood Bank and with all of Warren's drug stores cooperating in enrolling applicants it is hoped the Blood Bank Committee of the local Chapter, American Red Cross, will have more than enough names to assign to the June visit of the mobile unit.

With visits of the Blood Bank definitely scheduled each month, on the third Monday and Tuesday, the local committee needs many more volunteers. As former donors will be called only every four months or so a steady list of additional volunteers will be needed from month to month to keep up the quota demanded of the Warren Chapter.

Chapter 1
A BLINDING flash of lightning, slicing through the dark, streaming torrent of rain, lit up the imposing stone mansion as Ann Harrington's taxi drew slowly up the drive. A terrible, rending clap of thunder which seemed to rock the car with its violence failed to prevent Ann from drawing an incredulous breath.

At first she thought it a slightly ominous omen that she should be

taking over Terrence House in weather like this, but she mentally shrugged off the thought. This was hers, all hers.

The house rose three stories from the ground, its walls built of rough white rock quarried from the bluff that sloped down to the river behind it, its architecture distinctive and rugged like Augusta Terrence herself.

Grand Gussie, Ann's mother always called her. No one knew where she got the name but it was probable that Jeremiah Terrence himself invented it in an effort to find an affectionate term for the Rock of Gibraltar.

Now Grand Gussie was dead. Bert Renfrow wired Ann a week ago and she had come as soon as she could train a new girl to take her place in the safe office. As heiress to Terrence House she would never need a clerk's job again.

Ann paid the driver and hurried up onto the porch. She stared at the brass knocker. Over it hung a discreet sign reading, "Terrence Mineral Spring Hotel." That sign hadn't been there during Ann's childhood for the hot springs hadn't been discovered until a few years ago.

(Chapter 1 continued on next page)

A jagged streak of lightning lit up the house.

Sealed bids will be received by the Forest Supervisor at Warren, Pennsylvania, up to 2:00 P. M. June 15, 1945, for all the live timber marked or designated for cutting and all merchantable dead timber located on an area embracing 363 acres in Warrens 322 and 3254, Jones Township, Elk County, on the watershed of Big Mill Creek, Allegheny National Forest, Pennsylvania, situated to be 40 M. bd. of black cherry, 10 M. bd. ft. of beech, 1 M. bd. ft. of other species, 238 cords of 60" hemlock pulpwood and 3427 cords of 52" chemical wood, more or less. No bid will be considered of less than \$10.00 per M. bd. ft. for black cherry, \$3.00 per M. bd. ft. for beech, \$10.00 per M. bd. ft. for other species, \$2.00 per cord for hemlock pulpwood and \$0.30 per cord for chemical wood. Five hundred dollars (\$500.00) must be submitted with each bid and be applied to the bid price, reduced to the actual price received and retained in part as liquidated damages, according to conditions of the sale. The right to reject any and all bids is reserved. Before bids are submitted, a prospective bidder should examine the system of marking which is indicated by sample markings on the sale area. Future markings shall follow the methods and principles so exemplified. Full information concerning the sale, conditions of sale, and submission of bids should be obtained from the Forest Supervisor at Warren, Pennsylvania, or from the District Ranger at Marienville, Pennsylvania. 6-7-15.

"Let the other fellows decorate the tent with glamour gals - I'm pinning up that swell snap Dad took of you at the Gas Range. Because I know darn well that you're in there pitching - doing everything you can to help get this war over with and me home sooner. I think it's great you and Dad have a victory garden - (and say, all that canning you're going to do sure sounds good - be sure to save a jar of peaches for me!) And I see by your letter, you've learned to do

that new 'waterless' kind of cooking that saves vitamins - And that you're doing your best to save Gas at home - say, that's the stuff - because, maybe you don't know it, but that Gas is mighty important in making tanks and guns - So hurray for you - Mom - it makes me proud as punch to know you're doing such a swell job back home. And I say God bless you every time I look at my pin-up girl."

Today, every one of the 85,000,000 Americans who rely on Gas for cooking can work for victory by saving food, vitamins and Gas. Let your Gas Company tell you the best ways to do it — and how to cook and process food for war-time meals.

National Forge Defeats Struthers in Eleven Heats

Struthers - Wells Rally Late In Contest Falls Short And Irvine Takes First Tilt 6-5

Before a gallant group of baseball fans who braved impending storms, with no place to duck into in case, Struthers-Wells turned their defense outfit out for a battle with the National Forge of Irvine and nearly upset the county champions along with the dope-bucket.

Losing 6 to 5, by virtue of two errors, one in the tenth, the local E's showed plenty of clutch ball by coming from behind over a three inning rout, not only gaining 5 runs but taking over a one-run lead.

Johnny Kane and "Diz" Hines opposed each other and each pitched masterful ball until Struthers scored 3 runs on the "dazzler" in the eighth session to force yanking in matter pitching no-hit and no-run ball for 7 cantos.

Struthers-Wells bats started to find the bill in the seventh and eighth innings and gave their team feel of the sacks for the full distance as they scored 3 runs, making it 3-2, and then going on to add another in the next inning, but the Forge came back and added another to throw the game into a tie 4 to 4 count.

Struthers advanced a man to third and added one on second to start action in the first part of the eleventh inning, and Vesling slapped out a clean single along third base to bring in one run, advancing Shepard to third, but Hank Wise, relief for Hines, retired the side in order to end a near rally.

Leading by one run, Jim Rose faced the murderer back in their part of the same chapter and added another to throw the game into a tie 4 to 4 count.

Dodgers Lose Hold On First Slot With Split Bill While the Cardinals Tie and Postpone

By JUDSON BAILEY
Associated Press Sports Writer

The Brooklyn Dodgers are out of first place and in a dither. The curious club which led the National League from the start of the season until last weekend, when it slipped into the shadow of the St. Louis Cardinals, is afflicted with a malady known as acute sensitivity of the shortstop.

This has been a sore spot all the while the Dodgers have been stumbling through the west. Manager Leo Durocher, once one of the flashiest fielders of them all, has remained on the active list this season presumably just to step into situations such as they, yet for reasons best known to himself he has not played a single game this season.

In recent days he has shuffled Arky Vaughan, Rookie Boyd Bartley and reserve catcher Bob Bragan in and out of the job with no credit to anyone. Yesterday the Dodgers managed to beat the Chicago Cubs in the first game of a doubleheader, but were shelved 11-5 in the nightcap and misadventures of Bartley and Bragan, sharing the shortstop role, set up situations which hobbled the Cubs to score eight of their 11 runs. They clustered five tallies in the fourth inning and four in the sixth.

Meanwhile weather limited the Cardinals' game with the Phillies to five innings and a 1-1 tie. Their second game was postponed, leaving the Redbirds high, if not dry, and half a game on top of the senior circuit.

Weather also forced postponement of the Boston Braves' second game at Cincinnati, but the two teams got in a 14-inning opener which the Reds finally won 4-3 on Eddie Miller's single with the bases loaded. Elmer Riddle, going the route, allowed no Boston runs after the first inning.

In the other National League action Pittsburgh made 25 runs to the New York Giants' one in sweeping a doubleheader, 18-1 and 7-0. Bob Klinger pitched five-hit ball behind the Bucco's 18-hit barrage in the first game and Jack Hallett followed with a four-hit shutout.

The New York Yankees preserved their margin in front of the

with Mickey Vernon hitting a triple, double and two singles and stealing two bases.

Boston's Red Sox nosed out Chicago twice 4-3 and 3-2 with ninth-inning rallies and Cleveland divided a doubleheader with the Philadelphia Athletics. The A's scored ten runs in the seventh and eighth frames of the first game to win 12-5 an then were shutout 5-0 in the second by John Salverson.

The weekend skirmishing ended the intersectional round in the two leagues and all clubs will be idle today and tomorrow except Brooklyn and Pittsburgh, which are billed for a night game tonight on the Pirates' grounds.

WEEK-END SPORTS REVIEW

By the Associated Press

New York - Ensign Hugh S. Cannon, former Brigham Young athlete, shattered world discus record with toss of 174 feet 10½ inches at Metropolitan A. A. U. meet.

Washington - Lieut. Comdr. Frank Wickhorst, former U. S. Naval Academy athlete, named successor to Comdr. Thomas Hamilton in charge of naval aviation physical training program.

Pittsburgh - Carl Hubbell, nearing 40th birthday, hurled one-hit ball to gain his 250th National League victory. He is only major league pitcher now active with that many triumphs.

New York - Count Fleet finished 30 lengths in front of Fairy Man-hurst in Belmont Stakes and became sixth colt to win triple crown and second to take three big stakes plus Withers mile. He romped mile and half in 2:28 1-5 for event record. State law that requires track to return \$2.10 for each \$2 bet brought Belmont a "minus" pool of \$15,912.02.

CAR HIT CHILD

The six-year-old daughter of Mr. and Mrs. Ted Bryan, of Titusville, was struck at that place Saturday by a car driven by Clare Shope, 11 Mill street, Sheffield.

The Bryans were in their car when the little girl got out and ran into the street. Shope said to the police that he did not see the child in time to avoid hitting her, although he applied his brake quickly. Shope offered to take the child to a hospital or doctor but she did not appear to be seriously hurt and her parents placed her in their car and drove away.

OPA Boys May Have Checked Cars In City

Were they here, or were they not? That is the question. Whether it was true that the super-deuper snooper of the OPA were in town over the weekend, that is the question. Uneasy lies the head that was driving a coupe or sedan or sunpin around town with that A card prominently displayed. Those who clubbed Saturday night were unable to enjoy their Sunday morning snooze and in addition to a headache they had to worry. Did their license numbers adorn the note books of the snooper?

The State Police, the Borough Police and the Ration Board all state that they "heard" the OPA men were here but they had nothing official and the visitors had not registered on their guest book. So there it is, folks. Reports say they were here. Some folks say they saw 'em. But no one can aver, depose and swear that the snoops were actually snooping in our fair city over the weekend.

But what suspense, dear brothers and sisters. Shall we drive to the club, fishin' or golfin'? Darn this gas thing anyhow, and why in heck can they have gas in Sharon, Wheatland and Farrell, when we have it not? It's a question that causes the blood pressure to rise and the brow to furrow while the old bus sits in the garage, the tires deteriorate and the spark plugs rust and the carburetor develops a wheeze. Boy, doesn't it sort of get you?

MEN AND WOMEN IN SERVICE

Word has been received that Aviation Cadet Robert Weaver has been transferred from Nashville, Tenn., to the pre-flight school for bombardiers and navigators at Selman Field, Monroe, Ala.

Word has been received by Mrs. Mary Brant, 1915 Pennsylvania avenue, east, that her son, Pfc. Howard Brant, is in the hospital at Van Dorn, Miss. The message she received stated that he had been operated upon on May 27 and is getting along nicely.

Word has been received by Mr. and Mrs. Howard Briggs, of James town, formerly of Warren, that their son, Richard, was promoted to technical sergeant at Greensboro, N. C., on June 1.

Stoneham Graduates Welcomed by Alumni At Annual Banquet

The 11th annual banquet of the Stoneham Alumni Association was held in the community house at that place at 6:30 Saturday evening, with a very pleasant tureen dinner and good attendance.

Ruth Van Horn, acting as toastmaster, presented Miss Jane Wolaston for the invocation and Gail Mead, who led the group singing. After a clarinet solo by Harriet Thomas, several readings were given by Fern Mostert, of Warren. The welcome to the graduates were extended by Ruth Van Horn, with Jack Kyler speaking for the class members. Further group singing was enjoyed as were informal reminiscences of school days by Archie Hunter.

Silver Anniversary Is Occasion Of Party

Mr. and Mrs. Ben H. Mathis, of Warren R. D. 1, whose silver wedding anniversary was on Friday, June 4, were delightfully honored Saturday evening when 65 relatives and friends gathered at their home to help them celebrate the milestone.

The affair was planned as a complete surprise to Mrs. Mathis and included a delicious supper served on the lawn at a table centered with a wedding cake complete to bridal couple.

Guests included their son, Joseph, who returned Sunday to his studies at Dickinson Medical School at Carlisle; Joseph Maxwell, of Chicago, Ill.; Mr. and Mrs. Bernal Connelly, Ludlow; Mr. and Mrs. Howard Perry, Sheffield.

Mr. and Mrs. Mathis were presented with many attractive remembrances of the anniversary and with best wishes of the group for many more such happy occasions.

Deadline Tonight On DAR Reservations

General Joseph Warren Chapter members of the D. A. R. are reminded that they must make reservations no later than this evening if they plan to attend the annual Flag Day luncheon-program on Thursday. These are to be made by calling Mrs. F. A. Lesser, 703, or Mrs. H. J. Granquist, 353.

The program following luncheon will include presentation of medals to be awarded in the D. A. R. good citizenship and history competitions.

Mrs. W. E. Lutz, program chairman, announces that Mrs. F. L. Plummer will give a history of the flag and that Miss Gloria Hausmann will give a group of monologs.

In the business session which follows, various committees will present their annual reports.
